Wolf hunts are definitely one of the more exciting hunts we offer. We have been interacting with these magnificent animals for a long time here in the Selway, and in our opinion, these hunts have been long overdue. These big game predators have had no fear of anyone until now and that adds up to a dangerous animal. We have lost loyal dogs and even a beloved mule to these animals. Now the table has turned, and for the best, so come book a wolf hunt with Richie Outfitters. A good time to hunt them is during winter lion season.

"Richie Outfitters is a second generation family run business. This is not a second business for us, it's our only business, and a way of life. Come with us and enjoy comfortable wilderness camps, first-rate backcountry gear, excellent food, great service and a lot of fun!" **Value - \$2500.00**
