

Pat Kaboskey Shooting Donation

What I'm going to donate is a chance to fire the guns that made the civil war. It will start at

- * First, Bull Run with a **Smooth bore musket**
- * Antietam with a **Rifled Musket**
- * Gettysburg standing with Beauford using a **Sharps Carbine**
- * then be in the Calvary using the latest a fastest rifle of the war, the **Henry**
- * Finally, we'll be in the trenches at Petersburg manning a **Gatling Gun**

All will be live fire and they will try and shoot breakable targets to see the difference in the fire power and accuracy.

*Also included will be a **signed copy from a noted Wisconsin Author about the Wisconsin Troops in the War, Lance Herdeggen.**

Value \$\$\$? Is it on your bucket list?

The date will be either at the Waunakee Sporting Clay Shoot June 30th, 2012 or at the Boscobel Civil War Days on the first Saturday of August.

It depends if the Waunakee shoot interferes with a shoot of ours.
