The area you will be hunting has a variety of different terrain offering a very diverse hunting opportunity. There are elk from 7,000 feet down on the Jicarilla Apache Reservation border that make their daily migration to feeding areas on public land. There are also wilderness areas that are 9 - 10,500 feet above sea level that are loaded with plenty of elk to hunt. We will customize your hunt and pair you up with a guide based on your physical abilities. 6 day archery hunts take place September 1-22 during the first part of the elk rut. Muzzle loader hunts are 5 days long. They take place the 2nd week of October and are full of bugling action. Rifle hunts offer you a classic style of western elk hunting and take place the last two weeks of October. Rifle hunts are 5 days. Hunt cost is \$4,500 and includes guide, lodging, all meals, and field care of your harvested game.
