SCI members delivered over 500 full Safari Care Bags to needy villages and orphanages around the world. More than 300 disabled hunters were given an assisted hunting experience through SCIF programs.

These are just a few of the accomplishments of Safari Club International and Safari Club International Foundation Throughout the world, SCI's approximately **190 worldwide chapters contribute time, talent and financial support to local, national, and international conservation projects.**

The SCI **Badgerland Chapter** is the home for the South Central and South Western Wisconsin hunters. Meetings are held in the Madison area and two semi-annual banquets are held. **JOIN SCI NOW!**
